

**SCRIPT - WE THOUGHT YOU'D LIKE TO KNOW
LET'S TALK ABOUT TRASH**

Transition music in, display city logo

Music down.

Fade in medium shot of talent, zoom in to bust shot.

Hi, I'm Doug Colling from the City of Beaverton Code Services. Today, I want to talk to you about trash.

Begin Trash slides

Would you want this in your backyard?

Would you want to live next door to this?

Continue slide show.

Most of us take our trash cans out to the curb once per week, where it is collected and trucked to the landfill – end of story. But sometimes, due to different cultural backgrounds or perhaps even financial circumstances, people will store trash on their property instead of disposing of it.

Allowing trash to accumulate can lead to serious health and safety problems, providing harborage for mice and rats, places for insects to breed, like flies, and maybe even mosquitoes certain types of which might carry the West Nile Virus.

It is a violation of the Beaverton Code to collect rubbish, trash, debris, refuse or other substance that would mar the appearance, create a stench or fire hazard, or detract from the cleanliness or safety of any property.

This is a serious issue. Please dispose of your trash properly. You can haul your trash to the landfill yourself or call your local franchised trash hauler to arrange for trash collection services.
